# CE EG – Certificate of conformity

---

The supplier to NENKO has provided information declaring that this product has been designed and is built in accordance with CE requirements.

**Product**      Fibre optic cloud

**Code**          12565083

## Directive

This document concerns the CE certificate for the Fibre Optic Cloud. This certificate has been carefully compiled based on the relevant directives applicable to the individual components within the system. Each component has been assessed with regard to safety, health, environmental impact, and performance, in accordance with applicable European regulations. This ensures that the complete system complies with the required standards and can be safely used within the European Economic Area.

Nenko Interactive - Light Source for fibre optics - 18517112

EN 60598-2-4

(LVD Luminaires. Particular requirements. Portable general-purpose luminaires)

EN 55015:2013

(EMC Limits and methods of measurement of radio disturbance characteristics of electrical lighting and similar equipment)

EN 61547: 2009

(EMC Equipment for general lighting purposes. EMC immunity requirements)

EN 61000-3-2: 2014

(EMC Electromagnetic compatibility (EMC). Limits. Limits for harmonic current emissions)

EN 61000-3-3: 2013

(EMC Electromagnetic compatibility (EMC). Limits. Limitation of voltage changes, voltage fluctuations and flicker in public low-voltage supply systems)

EN 300 440 V2.1.1 (2017-03)

(Radio – short range devices)

EN 301 489-1 V2.2.0 (2017-03)

(Electromagnetic Compatibility (EMC) standard for radio equipment)

EN 62479:2010

(Assessment of the compliance of low power electronic and electrical equipment with the basic restrictions related to human exposure to electromagnetic fields)
